## GET THE BARUDAN ADVANTAGE

### Heavy Duty Support Arms

Because our tubular arms are larger & stronger, you can expect higher quality results from a Barudan. The elimination of sagging & positive indexing of the frame to the support arm ensures perfect registration at high speeds.

### Barudan Framing System

Barudan embroidery starts with our superior framing system. Our sturdy double height frames hold your garments tightly and securely. Easier & quicker hooping with less effort.

### Quick Change-over to Caps

Switch from caps to tubular garments in a matter of minutes. No tools are needed, no needle plate replacements, pantograph or frame adjustments either.

### Split Presser Foot

All Barudan machines feature split presser feet. This makes threading the needle simple & easy. One pass through the needle and you're done. Fast, easy and productive!

### MACHINE DIMENSIONS:

MODEL	Dimensions LxWxH mm	Dimensions LxWxH in	Weight kg	Weight lbs
Elite XL - BEVT-Z901CA	705Lx700Wx970H mm	28Lx28Wx38H in	75 kg	165 lbs
Elite Pro II - BEVT-Z1501CBII	800Lx1030Wx900H mm	31½Lx40½Wx35½H in	80 kg	170 lbs
C01 Bridge - BEVT-Z1501CII	1525Lx1225Wx1590H mm	60Lx49Wx63H in	315 kg	800 lbs

### MACHINE SPECIFICATIONS:

MODEL	Embroidery Area	Cap Frame	# of Needles	Speed	Stitch Length	Power Supply	Power Consumption
Elite XL - BEVT-Z901CA	250 x 400 mm [Approx. 9¾ x 15¾ in]	79 x 360 mm [Approx. 2¾ x 14 in]	9	1200 flats 900 caps	0.1 ~ 12.7 mm	[1P] 100-240V	0.25kW
Elite Pro II - BEVT-Z1501CBII	330x500 mm [Approx. 13 x 17 in]		15	1300 flats 1000 caps			0.5kW
C01 Bridge - BEVT-Z1501CII	450x520 mm [Approx. 17½ x 20½ in]

## THE MOST RELIABLE SINGLE-HEAD MACHINE YOU CAN BUY

- Simple Operation
- High-Speed Production
- Superior Stitch Quality
- Networkable Ready

## VT SERIES SINGLE-HEAD EMBROIDERY MACHINES

800.627.4776  
[www.barudanamerica.com](http://www.barudanamerica.com)

# Barudan COMPACT, RELIABLE & SUPERIOR STITCHING

Elite XL - BEVT-Z901CA

Elite Pro II - BEVT-Z1501CBII

C01 Bridge Machine - BEVT-Z1501CII

## SINGLE-HEAD STANDARD FEATURES:

- Sewing speeds up to 1,300 stitches per minute
- 9 or 15 needles
- Curved Radius Cylinder Arm - Provides a smooth, even surface for stitching on caps.
- Quick Changeover System - No tools required to change from sewing caps to flats.
- Exclusive Electronic Thread Clamps - Keeps thread taut and eliminates false thread breaks & pull outs.
- Heavy-duty construction, super-quiet operation and easy to maintain.
- VT2-Series Color Automat with Icon Based operation menus specifically designed for embroidery.
- 30 Memory locations, 10 million stitch internal memory.
- USB Port - Designs can be loaded from a USB memory stick or networked from your computer.
- Timeline - Shows sewing progress, including color changes & estimated remaining sewing time.
- Visual Pattern Preview - Shows sewing progress, color image of design before sewing & progress as it sews out.
- Design Outline Trace with Laser Pointer - Determines if the pattern will sew safely within the frame.

## OPTIONAL NETWORKING SOFTWARE:

Eliminate the need to physically carry your designs out to your machine - no more USB, or floppy disks, using one of these Barudan networking solutions:

### Design File Server

Barudan's Design File Server is an easy-to-use networking program that connects Barudan machines to a computer. Designs can be downloaded directly from your computer. Uses COM networking.

Design File Server gives you the power to connect up to 8 single-head or multi-head machines.

### LEM Jr.

With Barudan's LEM Jr., you can connect more machines and automate the download process, even including Barcode. Uses LAN networking.

### LEM Pro II

Barudan's LEM Pro II gives you the same features as LEM Jr., but also adds production reports and machine status views via Web Browser.

## VT2 AUTOMAT

Everything with the VT Series is simple. Executing the machine's variety of functions is intuitive with easily recognized icons.

## RADIUS CYLINDER ARM

Our unique cylinder arm hugs the inside curve of the cap frame and provides a smooth, even surface for unbeatable stitching on caps. Plus, no need to change throat plates between jobs.

## POSITIVE NEEDLE DRIVE

Barudan's exclusive positive needle drive ensures quality embroidery on all types of garments including thicker items like leather, karate belts and designs with puffy foam.

## 5-3-2 WARRANTY

5 years main motor  
3 years electronic parts/boards  
2 years all remaining parts, excluding consumables.
